The St. Louis Globe Democrat, of Monday, says: "As an evidence of the popularity of the Anchor-line against its would be competitor, it is stated that since the fight was inaugurated the line has purchased the James Howard, Gold Dust, Commonwealth and City of Alton, besides building the famous City of Greenville and the beautiful City of Providence. This don't look as though the competitors amounted to much in the way of competitors."

The Cincinnati Times, of Monday, says: "We understand that the Howards, of Jeffersonville, now have sx boats under way and contracts on hand for about fifteen crafts in a'l. They are running two hundred men and have work enough to keep them busy until Christmas. Barmore is also full of work.

When she passed here she was loaded with ballast to keep her in the water." Towbeats and Barges. St. Louis parties offered \$35,000 cash for the towboat John Porter. A change is looked for, however, as far at loans are concerned, as merchants' deposits are not this year up to the average of the last two or three years at this time. We have, for one thing, a stock of 17,000 bales of cotton yet undisposed of. This state of things will, of course, make bank assistance very necessary before the crop enters the market, especially as labor is likely to be high from the large amount of colton planted, while the number of laborers are not increased. This will make requisite the offer of enough to provide each grower with the amount of assistance that will be necessary to gather his crop.
